Rest but never

"QUIT"

When the things go wrong

And the roads are
blocked

When funds are low

And debts are high

When love and care is
pressing

And life is depressing.

"Just give a smile

and not a sigh!"

Death in the North
 And in the South
 Death in the East
 And in the West
 When death is increasing
 And the population is
 decreasing

"Just wait for the
 silver lining on the
 dark sky!"

When there is no fun
 And there is no
 one
 when roads are dry
 As deaths are high

3

When spirits are low
And nowhere to go

"Just wait with a grin
and not a frown!"

When there is no care
And only worry
everywhere

When there is no joy
Play with your toy

With hope and generosity

And without animosity

"Just sit back and think
but
Don't you ever "SINK"!"
